Because the truth is...

The success of your Network Marketing business does!

In fact, we created the 5-Step Success Formula to help you recruit more reps into your MLM business **WITHOUT** having to prospect a single person, so you can finally achieve all the goals you set when you decided to join this amazing profession.

**“People Don’t Have The Time To Drive**

**2 Hours To A Meeting...Be 2 Hours In The Meeting...Then Drive 2 Hours Home...**

## **...Only To Get A Big Fat 'NO!' ”**

We are now over a DECADE into the 21st century, and the truth of the matter is that people don't have the time to drive 2 hours to a meeting...be 2 hours in the meeting...then drive 2 hours home...

...only to get a Big Fat 'NO'!

With what we have at our disposal today, it's INSANE to continue and rely on these dying and quite frankly, painful tactics, and not leverage the technology we have at our finger tips.

Nowadays all the big businesses are being built online and you'll be leaving A LOT of money on the table if you don't find a proven way to exploit the power and leverage of the Internet and Social Media...

**But don't worry, you don't need to be a tech-savvy. If you have a Facebook account, then it's more than enough.**

Actually, you're probably already using Facebook for your business purposes, but very likely you are just transferring traditional prospecting to the Internet and using time-wasting ineffective strategies, like:

- Contacting family members or friends to introduce them your opportunity...

- Spamming FB groups with your copied-and-pasted messages...
- Sending friend requests to complete strangers that look sharp and asking them to join your team...
- Continuously posting images and videos about the “amazing” product or company you promote...

We know all of them because we used them all, and with little or no results.

We bet if we had continued that way, Facebook would have permanently shut down our account.

Hopefully you still have got your account, so you can apply the following proven strategy to recruit without actually prospecting a single person. And if you haven't got one yet, make it now! :)

**"Why Do We Want To Reveal You Our**

**5-Step Success Formula?"**

The reason is actually very simple...

We spent countless hours and thousands of dollars to figure out a simple and efficient way to leverage the power of the n.1 Social Media out there (Facebook obviously :P).

**But we don't want you to have to recreate the wheel.**

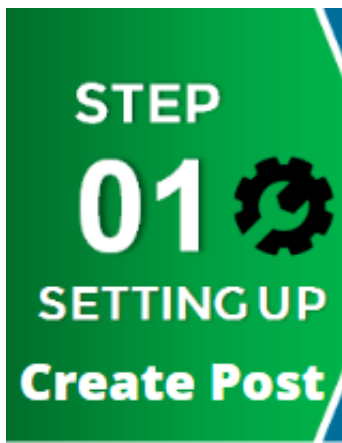

We don't want you to spend countless hours and thousands of dollars like we did.

We want you to get RESULTS...RIGHT NOW!

That's why we created the 5-Step Success Formula and we want to reveal it all to you...

Sound cool?

So, let's dive into each one of the 5 Steps...

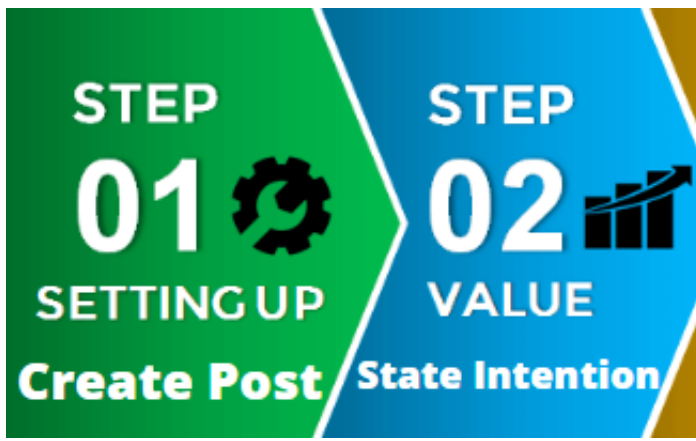

("The Success Of Your Business Is Determined By The FOUNDATIONS That You Set")

You never get a second [Have you EVER Seen Anything This Good?](#) chance to make a first impression, and this is particularly true on Social Media.

If your Facebook Profile or your Fan Page is not properly set up, you'll inevitably repel your potential prospects and then WILL NOT come back to your pages or check out your content, ever again.

That's why STEP 01 is all about creating the perfect Facebook Profile or Fan Page to make sure that everyone will look up to you as an authority and expert in your field, and **you'll finally become the hunted instead of the hunter.**

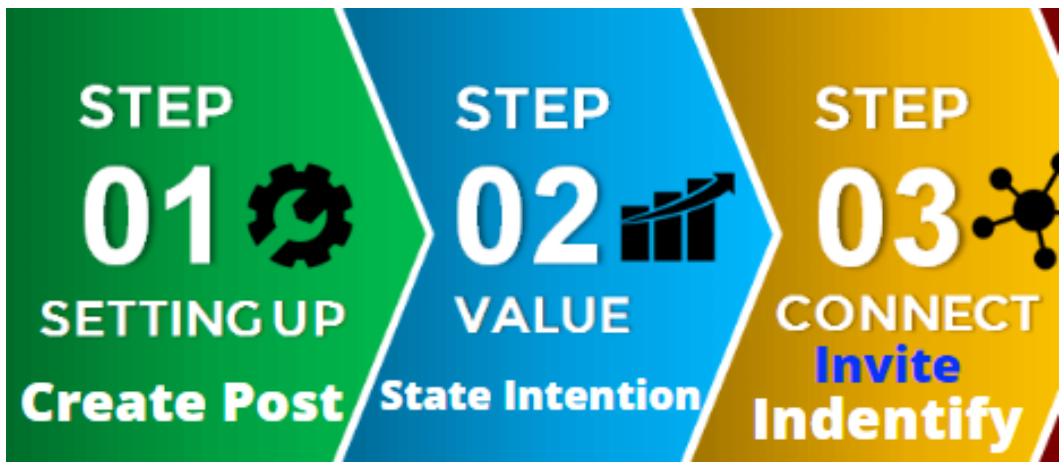

("The Person Who Gives The Most Value...Wins!")

We are naturally attracted to people who provide value to others.

Look at Tony Robbins, Les Brown, Darren Hardy, Gary Vaynerchuk, Robert Kiyosaki,... They are attractive characters (and make millions of \$) because they continuously add value in other people's lives.

STEP 02 is crucial if you want to build your own tribe, a loyal following that knows, likes and trusts you, and that is eager to **buy ANYTHING you mention.**

("Turn The Stranger Into A Friend")

If you've done STEP 01 and STEP 02 correctly, you'll have dozens of people per week (or even per day) sending you friend requests, messages or asking you for more 'info' about what you do.

You then need to CONNECT with your potential partners because Network Marketing, at the end of the day, is **RELATIONSHIP Marketing**.

Use Messenger, call them or ask them to hop on a video-chat, so you can get to know them better and ask valuable questions.

If you want long term success, you have to develop long term relationships, and this is why STEP 03 is absolutely fundamental.

("Turn The Friend Into A Family Member")

**Timing is everything** and STEP 04 is all about timing.

Your potential partner will join when THEY feel it's right.

In fact, sales statistics show that 80% of the sales are made on the fifth to twelfth contact.

That's why you need to consistently touch base with them and don't give up after the first message, call or video-chat.

("Get A New Customer, Distributor, Leader")

Closing is what usually scares the majority of people.

But this will actually become **the EASIEST step**, if you've followed and applied all the previous four.

So now it's time to celebrate...you just got a new customer, distributor or potential LEADER in your team!
